

## If you didn't leave town for healthcare services, what would you do with the time you save?

With the advanced diagnostic technology and surgical alternatives available right in your own backyard, there's no reason to travel far from home. Crawford Memorial Hospital offers the very latest in diagnostic capabilities, like our new multi-slice CT scanner that produces higher quality images much faster and with greater accuracy. Your doctor also has access to a broad array of sophisticated surgical services in both inpatient and outpatient. For more information, call us at (618) 544-3131 or visit us online at [www.crawfordmh.org](http://www.crawfordmh.org).
