

Cable TV

Newton residents are serviced by NewWave. The head office is located in Columbia, Mo. For more information, please call 1-888-863-9928 for more information on your channel offers.

Utilities

Gas

Residents wanting to have their gas turned on or off must contact Ameren CIPS at 1-888-789-2477 or 877-426-3736 or on the web at www.ameren.com. A one- to two-day notice is required for hook-up or disconnection. After they have been contacted, CIPS will set up an appointment to service the residence, turn on the gas and light the pilots in the house. Arrangements must be made prior to the visit to assure access to the residence. No deposit is usually required. A phone call to the CIPS office is all that is necessary for disconnection or if the customer smells gas or feels they are suffering from a leak. CIPS will service gas leaks and other emergencies immediately.

Telephone

Residents wanting to have telephone service must contact Verizon by telephoning 1-800-483-4000. It will take one to five working days to have the service installed.

Water and Electric

Residents wanting water and/or electric service must contact City Hall at 108 N. Van Buren in Newton or call 783-8451. Individuals must present an address and identification. Rental customers and home owners are required to make a \$350 deposit.

Garbage

Veolia Environmental Services provides garbage pick-up for the Newton area. Curb side pick-up is provided Monday through Friday. The cost is \$8.00 and residents need to call before pick-up if their trash is excessive. Major appliances, tires and car batteries are not accepted. For more information, call 866-309-1859 or write to: P.O. Box 147, Sumner, IL 62466.

Time and Temp

The current time and temperature is available by calling 783-4011 24 hours a day.
