

## Continued from page 38

Therapy.

A comprehensive array of Diagnostic Imaging Services are provided by RMH, which include Bone Densitometry, CT Scans, Mammography MRI, Nuclear Scans, Ultrasound, and x-ray. In addition, RMH is home to an on-site Laboratory, providing Clinical Pathology and a number of medical testing services.

Home Health and Hospice services are provided throughout 13 Southeastern Illinois Counties by the RMH Home Care Services Department.

Additional healthcare services provided by RMH include Cardiac and Respiratory Function Studies, Sleep Studies, EEG, Pharmacy Services, Respiratory Therapy, Social Services and Patient Education in a number of areas.

Inpatient Nursing Units dedicated to Medical/Surgical care, Intensive Care, and Pediatrics are also offered by RMH.

Richland Memorial Hospital's Medical Staff is among the largest in Southeastern Illinois. Weber Medical Clinic, one of the oldest, multi-specialty group practices in the State, contributes to RMH specialists in the areas of: Allergy, Dermatology, General Surgery,

Hematology, Internal Medicine, Oncology, Pulmonary Medicine, Obstetrics & Gynecology, Orthopedic Surgery, Otolaryngology, Pediatrics, Psychiatry, Surgical Oncology and Urology.

Olney is also home to a number of independent Family Practice physicians, which contribute to the RMH Medical Staff.

Specialists in the areas of Emergency Medicine, Pathology, Psychiatry, and Radiology also practice within the walls of the facility.

Richland Memorial Hospital's Outpatient Medical Clinic provides patients with convenient access to specialists in the areas of Cardiology, Hand Surgery, Plastic Surgery, Neurology and Podiatry. Telemedicine consultations in numerous specialties are also available through the Outpatient Clinic.

In addition to providing quality healthcare, Richland Memorial Hospital prides itself on being a good neighbor. Throughout the year, RMH sponsors community wellness programs, free health screenings, support groups, and continuing educational seminars for the medical community. The facility is also pleased to be a clinical training hub site for Southern Illinois
