Nutrition, and Family Support. These services are offered in the child's natural environment (typically in the home) at the convenience of the parents or guardian.

To enroll in Early Intervention a child must be under 3 years of age and meet one of the following criteria: 1) be experiencing a developmental delay 2) have a diagnosed physical or mental condition OR 3) be at-risk of a developmental delay.

A simple screening process provides data to determine whether a child is functioning at his/her age level. Subsequent testing is recommended when a child fails one or more areas of development. On-going therapy is an option when a child exhibits a 30 percent or greater delay.

Speech, occupational, & physical therapy services are available to all children birth to twenty-one with a prescription from their physician.

For a free consult, screening, or additional information, phone 618/393-7732 or stop by 723 E. Main, Olney, (next to McDonalds).
