

Cross Country

Continued from page 26

one of the better runners in the area this year. Meeker ran #4 last year. The three year letterman has gotten stronger each year and has been looking very

good in practice.

Out for the first time are sophomores Dalton Pickens and Jesse Renfroe. Pickens who is a sprinter in track, is adapting well to the distance workouts and will make a major impact on the team this year.

Renfroe is working hard and will bring his times down as the year progresses.

Freshmen out for the team are Ridge Finn, Levi Newton and Jeff Short. All have junior high cross country experience and will be called

upon to contribute to the success of the team.

“The boys team lacks experience. The newcomers will be asked to step up immediately. We must remain healthy to be ready for the post season,” added Mike Hartrich.
